FARM CAFE HIBIKI

An old private house surrounded by

The "FARM CAFE HIBIKI" is located in the suburbs of Towada city on a blueberry farm with a view of Hakkoda in the distance. In a relaxing Japanese-style modern atmosphere of a rebuilt old private house from 60 years ago we use abundant local ingredients carefully selected by a vegetable sommelier to serve our customers with healthy vegetable-centered dishes. Please drop by when you are in the area. Our whole staff is wholeheartedly waiting for your visit.

Enjoy the season by tasting our dishes made of products carefully selected by our vegetable sommelier.

Our recommendation is the "farm basket lunch", a lunch full of various natural blessings. It is low in calories and salt, that's why it can be enjoyed by everyone from the young to the elderly.

Additionally, we are proud to offer handmade cakes, pesticide-free fruit juice and other delights.

※The contents of the "farm basket lunch" change every two weeks.

Enjoy our safe and healthy seasonal vegetables.

Do you know that seasonal vegetables have rich flavor, high nutritional value and a power to improve one's physical condition? In our shop in cooperation with local farmers from Towada city and prefecture, we are doing our best to make you enjoy a lot of delicious local season vegetables.
